CATTLE AND PULTRY FEED

ATI is supplying one of the finest qualities of Rumen bypass Fat from Malaysia (OrgaFat) and Mineral+Vitamin block from Turkey for lactating and fattening cows; OrgaFat can also be used as feed additive. Just recently, ATI introduced TOXIN BINDER, ANTI-MOULD and EGG YOLK coloring agent for the poultry industry. ATI is in constant search for high quality innovative items.

ENVIRONMENT FRIENDLY AND BIO-DEGRADABLE ITEMS

ATI believes and actively promotes through its actions in driving environment friendly items – which are bio-degradable and items that can be recycled in any form for usage. The main idea is to drive awareness and practice among the people through trading in into innovative earth friendly items

Items those are in the pipeline:

- Bio-degradable cleaning agent
- Oxo-biodegradable plastic bags
- Recyclable disposal drinking glass

PHARMA AND FOOD GRADE RAW MATERIALS

ATI is always on the look out for supporting the revolution on industrialization that is currently taking place. ATI is in the process of supplying 99.7% Glycerin to one of the largest bakery manufacturers, leading Pharmaceutical and Tobacco Company. ATI also represents bakery raw suppliers from Turkey and in the process of supplying refined starch to a bakery item

ATI focuses on grassroots development strategy aimed at inculcating a Best Practices Culture within the local Business setting through knowledge transfer and capacity building.
